When you receive your new Corn Stove, the auger will be inside your hopper, wrapped in foam.

You will need to remove the auger from the wrapping.

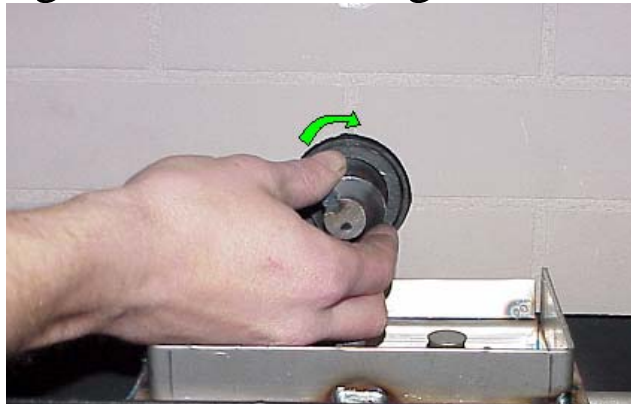

(More next page)

Next, the auger needs to be installed into the stove.

1. Insert auger into tube.

2. Rotate the auger while inserting it into the tube.

3. Make sure the auger tip is flush with tip of the tube.

Always follow ALL codes. Call (800) 245-6489 with questions.
